Education

Syracuse University

Ph.D. in Political Science — Expected 2027
M.A. in Political Science — 2021
Dissertation: "Rewiring the International Monetary System"
Committee: Daniel McDowell (Chair), Dimitar D. Gueorguiev, Brian Taylor, Minju Kim

Rutgers, The State University of New Jersey

M.A. in Public Administration — 2015
Honors: Pi Alpha Alpha

Yunnan University

B.A. in Teaching Chinese as a Foreign Language — 2011

Research Interests

I study how the digitization of money redistributes power among states, firms, and individuals. My research examines the domestic and geopolitical consequences of digital currencies, fintech, and cross-border payment networks, combining quantitative analysis, interviews, and comparative case studies. My regional focus is China and Asia, with fieldwork in Singapore and Hong Kong and planned research in Europe.

Publications

Refereed Journals

[1] (2026) Colin Chia and **Jingding Wang**, "Deflected disruption: Payments and the taming of Chinese fintech," *New Political Economy*. Published online. DOI: 10.1080/13563467.2026.2737131.
